DETAILED ACTION

Drawings

1. New formal drawings of figures 41 and 42 in compliance with 37 CFR 1.121(d) are required in this application because the drawings 41 and 42 are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-11 are allowed.
